Experience

COGENT INFOTECH
Assistant Project Manager – Product Development — Aug '25 – Jun '26, **Remote**

Product Discovery & Strategy
- Drove the pivot from a long-cycle **ISA product** to **H2H (Human to Human)**, an expert-led US career-prep program
- Shaped a **unified career-prep product** by identifying **unmet needs** through **60+ customer interviews**
- Validated **product positioning** by benchmarking **15+ competitors** on features, pricing and journeys

Product Definition & Conversion
- Grew sign-ups from **~65 to ~300** in **2 months** through **funnel-led CTAs** on websites, campaigns and brochures
- Defined **MVP scope**, **requirements** and **customer journeys**, aligning **Marketing, Sales, Delivery and Tech**
- Mapped **website user flows** with **Engineering**, adding **CTAs** and a **free resume audit** to drive **lead conversion**

Pricing, GTM & Success Metrics
- Built **3-tier pricing** (**$499/$899/$1,300**) for a **~$349K launch target** by tying **service scope** to **SLAs**
- Aligned **4 teams** for the launch by owning **GTM planning**, **success metrics** and **funnel performance tracking**

PHONEPE
Senior Operations Analyst – Product & Payments — Jul '24 – Jun '25, **Bengaluru**

*Owned integrations, routing and onboarding for **₹500+ Cr TPV** travel merchants, including **ixigo** and **MakeMyTrip***

Payments Product & Experimentation
- Saved **₹8 Cr annually** by optimising **acquiring-bank allocation** and **payment routing** across **Cards and NetBanking**
- Raised **travel payment success by 4 pp** by A/B testing routes with **Growth, Engineering, Success and Testing**
- Recovered **₹15+ Cr** by tracing **reconciliation mismatches** and coordinating **settlement fixes** with Finance

Partner Launches & Delivery
- Launched **CVV-less payments**, **PAR API**, **Visa Direct** and **MoneySend** by coordinating go-live with **card networks**
- Enabled **scalable routing** by migrating **95%** of payment traffic across **acquiring-bank partners** in **3 months**

Operations Analyst – Payments — Jun '23 – Jun '24, **Bengaluru**

Workflow Design & Process Automation
- Cut **go-live TAT** by **53%** for Cards and **40%** for NetBanking by removing **friction points** in **MID-to-live onboarding**
- Enabled **360 merchant go-lives** in **one upload** by defining requirements for a **bulk configuration tool**
- Streamlined **merchant onboarding** by mapping a **10-stage workflow** and **handoffs** across stakeholder teams

Product Analytics & Integrations
- Informed **weekly routing decisions** by analysing **success rates**, **bank traffic** and **error codes** in **SQL dashboards**
- Delivered **5+ bank and PSP integrations** by owning **requirements**, **UAT** and **go-live** with partners

Product Projects

ReconOS | *AI-Powered Revenue Recovery Platform for D2C Brands (Live MVP)* — Oct '26 – Present
- Built **ReconOS** for **Indian Shopify D2C brands**, auditing **courier and gateway charges** against **agreed rate cards**
- Automated **15+ leakage checks** across **6 gateways** and **9 couriers**, plus **chargeback claim drafts**
- Designed a **freemium-to-paid model**: **one free audit**, then **₹999/month** for **unlimited audits** and **claim emails**

MID Procurement Automation | *Event-Sourced Workflow Platform (Live Build)* — Sep '26 – Present
- Built an **event-sourced** app automating **intake checks**, **bank files**, **reply parsing** and **SLA chasing** for **6 acquirers**
- Achieved **99% automated reply processing** at **100% precision** across **1,250 records** from **626 bank emails**
- Designed **acquirer SLA dashboards** and **request-level TAT timelines** reporting turnaround per stakeholder team

UPI Adoption in India — Mar '23
Dissertation (Sole Researcher)
- Surveyed **211 UPI users** across **7 behavioural constructs**, identifying **trust and usability** as key **adoption drivers**

Ventures

FOUND IT — Jul '26 – Sep '26, **Gurgaon**
- Launched an **ethnic and lifestyle retail venture** by sourcing **Jaipur products** through a **Masters' Union team**
- Generated **62%** of **₹6.94L revenue** by building a **B2B gifting channel** through **cold outreach** and **sales catalogues**
- Held **13.1% gross margin** and **10.1% EBT** by tracking **landed costs** and managing the retail venture's **P&L**

Achievements
- Placed **3rd** pitching **WOW! Momo's next FMCG category** to its **CEO**, owning **pricing, unit economics** and **SOM**
- Pitched **Perfora's CEO** a plan to **double revenue to ₹6 Cr/month**, **70%** from fixing **RTO, checkout and repeats**
- Won **Masters' Union Startup Weekend** challenge, pitching a **D2C pet care venture** against **20+** teams

Certifications
- **Financial Modelling & Valuation** | **Udemy** | **Three-statement modelling**, **DCF valuation**, and **unit economics**
- **Project Management** | **Google** | Project scoping, **stakeholder alignment**, **risk planning**, and **Agile delivery**

Leadership
- Designed a **course curriculum** for underprivileged children (Classes VI–VIII) at **Aahwahan Foundation**
- Selected and managed **30 interns** across colleges during an **HR internship** at **Infelearn**, an **ed-tech startup**
- **Operations Head**, Pravah (HR Club) and **Mime Head**, Live Illusion Productions, leading a **30+** member team
- Led club operations and stage performances as **Student Coordinator** across **15+** college events
